

DRIFT & DWELLS

T H E VALLEY

how to arrive

01 DRIVE TO CHERESHOVO • 02 WALK 2.5 KM OR TAKE A €20 TRANSFER • 03 ARRIVE

01

STEP ONE • THE DRIVE

Drive to the parking, not to the village.

PUT THIS INTO GOOGLE MAPS AS YOUR DESTINATION

41.949939, 23.715978

Chereshovo parking. Typing the village name instead can leave you at the wrong end of it.

YOUR ROUTE MUST PASS THROUGH

Eleshnitsa

LEAVE THE MAIN VALLEY

Palatik

THE CLIMB BEGINS

Chereshovo

PARK HERE

If your route shows **Kraishte**, it is the wrong road.
Correct it before you start driving.

To correct it. In Google Maps, tap the three dots, choose Add stop, and add Eleshnitsa, then Palatik. The order must read: your location, Eleshnitsa, Palatik, parking coordinates.

The road itself. New asphalt the whole way, fine for any normal car in normal weather. Mountain bends, oncoming traffic, patchy signal. Set the route before you climb.

LAST STOP BEFORE THE MOUNTAIN

There are no supermarkets or pharmacies after Bansko or Razlog.

Fuel, food for every meal, medicines, and cash in small notes. Once you have parked, anything forgotten costs you the drive down and the 2.5 km back up.

STEP TWO · DECIDE BEFORE YOU TRAVEL

02

The last 2.5 km: walk it, or ride in.

No private car goes past the parking. Both options end at the same place. Choose now, because a transfer has to be arranged in advance.

OPTION ONE

Walk it

Free · 2.5 km · about 45 min

Track and path through fields and forest, gentle incline. Suitable for guests with normal mobility. Allow more time with children or luggage. Nothing to book, just park and walk.

OPTION TWO

Ride in

€20 · arranged in advance

We collect you and your bags from the parking. Arranged separately from your stay and subject to availability. Best for late arrivals, bad weather, heavy luggage, pregnancy or reduced mobility. You can also send only the bags and walk in light.

TO ARRANGE A TRANSFER

Message us in your booking chat, or:

+359 87 634 2540

jose@driftdwells.com

Send your arrival date, your arrival time, and how many bags.

03

STEP THREE • IF YOU ARE WALKING

Five things that make the walk easy.

Shoes

Closed, with grip. Not city flats, not new sandals.

Hands

Keep one free for balance. A backpack beats a wheeled case on this surface.

Light

Headlamp or phone torch if you are arriving near dusk or after dark.

Weather

After rain the track holds water in places. Nothing serious with the right shoes.

Water

Carry some, especially in summer and with children.

Arriving after dark

Tell us before you set off. The drive is fine at night. The walk is much easier with a headlamp, and the transfer is the sensible choice.

Want the hiking arrival instead?

There is a second, more adventurous way in over the mountain from Ortsevo. Ask us and we will send those instructions separately.

YOUR TWO PINS

Parking
